THE PRESBYTERIANS!

Dr. Patton, of Princeton College, the Leader of the Anti-Revisionists, Addresses the Assembly.

SARATOGA, N. Y., May 23.—The important business before the Presbyterian assembly this morning was the consideration of providing a committee on revision. Two resolutions were before the house, one by Rev. Dr. McCracken, of New York, and the other by Elder Henry Day. Dr. Patton, of Princeton college, held the floor, declining to yield to Elder Day and Dr. Herrick Johnson, who asked the privilege to read resolutions.

Dr. Patton, who has been regarded as the leader of the anti-revisionists, said: "This is the most serious moment in the life of the assembly. It is too late to raise the question of the wisdom of the last assembly in submitting the overtures upon which we are about to act, but it is my opinion that it was a very unwise act. I will oppose from the very bottom of my heart the submission of Dr. McCracken's resolution to the assembly. Out of the 213 presbyteries of this assembly only eight ask for an absolutely new creed. I do not see the necessity for any alteration in the confession of faith. But 134 presbyteries have expressed themselves in favor of it and I bow to the opinion of a majority thus expressed. (Great applause.)

"Now, then, how shall we go at it? It seems to be the general opinion that the best way is to appoint a committee to consider the matter and report to the next assembly. I don't care how you appoint the committee, but Dr. McCracken's resolution reads as though he was living in the middle ages and was assisting in the appointment of a doge of Venice. We could do it in a much shorter way. We should appoint this committee, because it is a right thing to do. The church has a right to revise her creed and I will defend that right (sensation), but what is the committee going to do? What are they for?

"I hope we shall not give this committee a roving commission. I wish them to understand that no change shall be made that will in any way impair the integrity of the calvanist system. [Applause]. Our confession of faith has been traduced and I want this assembly to re-affirm the standards of belief in the very terms in which this commission is appointed. I don't want to be a party to the mischief of letting it go unrestricted. I want it instructed and in such terms that when it is appointed it will not be with a simple majority, but in a way that the church will feel that the whole assembly is in favor of it.

"Let us have peace. I'd go a little further than that. I want them instructed that they shall confine their labors to such construction of phraseology as may be necessary to remove popular misunderstanding. I will never confess that a total revision of faith is necessary. (Great applause.) I wish I had a voice that would reach around the world to re-affirm that there never was, and never can be a just foundation for the charge that we Presbyterians have ever believed in infant damnation, or that the doctrine is embodied in the Westminster standard. (Moderate applause.)

Last night the stockholders of the Tri-State Building and Loan association held a meeting in the Pixley-Long block, and completed their organization. WENT ON A DRUNK

And Squandered $3,000 of the Firm's Money.

CHICAGO, May 23.—E. C. Walker, of the brokerage firm of Walker & Co., whose agent, E. S. Cattell, in St. Paul, is said to have disappeared with a large sum of the firm's money, telegraphed his house this morning that Cattell's shortage would not aggregate more than $3,000.

The telegram also stated that Cattell had probably not intentionally disappeared, but had gone off on a debauch with a few kindred spirits, a thing not new to the social broker. Mr. Walker will remain in St. Paul until all the firm's customers have been settled with on a basis agreed upon by Agent Cattell and before he leaves he will place a reliable man in charge of the St. Paul office.

STRUCK BY LIGHTNING.

The Flint Glass Works at Marion, Ind., Destroyed--A Town in Utah Nearly Wiped Out.

LOGANSPORT, Ind., May 23.—A telephone message received here from Marion, Ind., says the flint glass works at that place were struck by lightning last night and destroyed by the fire that followed. The loss is about $40,000.

MILFORD, UTAH, DESTROYED.

SALT LAKE CITY, May 23.—A large portion of Milford, Utah, burned yesterday, the fire starting in a corral, burning a store house and supply depot of contractors Kilpatrick Bros. and Collins, three saloons, a hotel, the Union Pacific engineer's office, the express office, and other buildings were consumed. Loss, $45,000.

DISASTROUS CONFLAGRATION.

MEMPHIS, Tenn., May 23.—Germantown, twenty miles east of this city, was visited by a disastrous fire between 3 and 4 o'clock yesterday morning. The fire originated in a vacant store house and spread with great rapidity, and was not under control until nearly every house in the town had been burned to ashes. The loss is estimated at $25,000; insured for $15,000

WILL BE ELECTROCUTIONIZED!

Such Will be the Fate of Kemmler Says the Supreme Court.

WASHINGTON, May 23.—By a decision of the supreme court of the United States to day, the last hope for life afforded William Kemmler, the New York murderer under sentence of death by electricity, was banished and he will accordingly be executed in conformity with the new law governing executions in New York state. The decision was on an application for a writ of error made by Roger M. Sherman, of New York, counsel for Kemmler, argued last Tuesday. The court was unanimous in denying the application. Chief Justice Fuller read the decision in full. He reviewed the case and severally went over the points made by Kemmler's counsel and ended by saying that they could not on the record as presented reverse the decision of the New York court of appeals.

SALOONKEEPERS EXCLUDED

From the Odd Fellow Lodges in Missouri.

ST. LOUIS, May 23.—The grand lodge of Odd Fellows of Missouri, have gone on record for prohibition. At yesterday's meeting the grand master's report advocated the exclusion of saloonkeepers from the order. A hot debate ensued, after which a vote was taken on the question of excluding all saloonkeepers from the order and the side advocated by the grand master carried the day. A number of saloonkeepers, principally in St. Louis and Kansas City, belong to the order, and the enforcement of the test will doubtless be a disagreeable task.

FATALITY AMONG HORSES.

Winklemeyer Bros. and Fred Eckart Lose Valuable Animals.

A horse belonging to Winklemeyer Bros., the liveryman, and a horse belonging to Mr. Fred Eckart died last night. Another animal belonging to the liverymen is not expected to live. A horse belonging to a teamster on West Jefferson street, fell dead this morning. There is a considerable fatality among horses now, attributable mostly to influenza and colic.

BIG MEETING

Of Railroad Employes at Indianapolis to Discuss Federation.

INDIANAPOLIS, Ind., May 23.—What promises to be one of the largest meetings of railroad employes ever held in this state will discuss the feasibility of the federation of all their orders into one, next Sunday. It is expected that fully two thousand railroad men will be at the meeting.

STRIKE SETTLED.

Six Thousand Employes Resume Work at Pittsburg.

PITTSBURG, Pa., May 23.—The strike of the six thousand employes of the National Tube Works company, at McKeesport, has been settled and work was resumed in all departments to-day. The differences between the employes and the company will be adjusted by an arbitration commission.

STRICKEN IN A THEATER

With Paralysis and Death Comes to Her Before Morning.

NEW YORK, May 23.—Mrs. Schulley, of Pittsburg, who was stricken with paralysis last night at Palmer's theater, died at 3 o'clock this morning in the Fifth avenue hotel. Her son came on this morning and will take the body with him this afternoon.

The body of the stranger who committeed suicide the other day is still unidentified. The Fort Wayne College of Medicine has claimed the body and it will be "pickled" in brine to await the opening of that institution.

Prof. Philip Wassman left for Toledo to-day, accompanied by his young son.

A HOOSIER CYCLONE!

Hammond, Ind., Visited and Buildings Demolished--Terrific Storms in Illinois.

HAMMOND, Ind., May 23.—A cyclone swept through here last evening at 6:15, doing much damage. The east wing of the safe and lock works was demolished and the building of the steam brick yard unroofed.

OTTAWA, Ill., May 23.—A terrific wind storm, in appearance resembling a cyclone, and accompanied by sheets of lightning and rain, swept up the Illinois valley last evening, at about 7 o'clock. Great trees were twisted and blown down and considerable damage done to property in the city.

JOLIET, Ill., May 23.—A terrific thunder and rain storm visited this section last night. The rain fell in torrents, and reports from out-lying suburbs are that there was a cyclone on the west side and that a couple of residences were blown down with no serious injury to the inmates. The storm took a course directly toward the massive building of the Joliet penitentiary, but reports from there at a late hour say that no damage was done. The electrical storm in the city was severe.

COLUMBIA, S. C., May 23.—During a thunder storm that passed over Marboro county Wednesday, a stroke of lightning did unusual execution. As soon as it began raining a number of negroes, who were working in a field, took refuge under a shed at the foot of a hickory tree. The tree was struck and the lightning passing down through the shed, killed Smart Patterson and John Brown, knocked two other men senseless and stunned several others.

TAKES ISSUE WITH HIM.

A Russian Resident Says Lecturer George Kennan is a Sensationalist.

SPRINGFIELD, Ohio, May 23.—Mr. Wm. H. Dunston, a resident of Russia for thirty years and at present American vice consul general at St. Petersburg is in this city. He takes an opposite issue with George Kennan, whom he calls a sensationalist, given to exaggeration. Mr. Dunston says the Russian prisons are as humanely conducted as our own, the prisoners being well treated and well fed. The people of St. Petersburg love the czar. The idea which seems to prevail here that the czar never appears in public unless he is guarded by troops, is not a correct one. With the empress he can be seen nearly every day driving through the streets with only a soldier on the seat with the driver, and he does footman's duty.

Mr. Dunston says some of the exiled women, whose cases are cited by Mr. Kennan in his lecture as examples of Russian cruelty, are anarchists of the same stripe as Spies, Parsons, and the other Chicago plotters. The American colony in St. Petersburg, Mr. Dunston says, depricate the abuse of the Russians, and do not approve of Kennan's lectures, and he (Dunston) will do all in his power to counteract his influence in this country.

WON'T ALLOW IT.

The Government Prepared to Resist the Capture of Lower California.

WASHINGTON, May 23.—The government had information before the press did about the rumored plot to capture Lower California and last Saturday Secretary Blaine ordered the cruiser Charleston to proceed from San Francisco to the Lower Californian coast, and instructed the commander of the troops at San Diego to dispose his command so as to intercept all persons attempting to violate the neutrality law by demonstration against Mexico.

SAW FLIES

Devouring the Wheat Rapidly in Illinois.

BLOOMINGTON, Ill., May 23.—Very discouraging reports come from the wheat fields of Logan county. A collection of bunches of wheat pulled from fields in all parts of the county show that the saw flies are devouring it at a rapid rate. Seventeen larvae have been taken from a single stalk. Not a wheatfield has yet been found that is not attacked. It is probable that a large part of the affected fields will be plowed up and planted in corn.

DEATH OF A HARPER.

One of the Members of the Big Publishing Firm Passes Away.

NEW YORK, May 23.—Fletcher Harper, a member of the publishing firm of Harper & Bros., and a son of Fletcher Harper, the youngest of the original four brothers who established the publishing house, died at his residence in this city last night, aged sixty-two years. Mr. Harper has been in ill health for a number of years.

Lee's Memory.

RICHMOND, Va., May 23.—A telegram from New York announces that Miss Mary Lee, the eldest daughter of Gen. R. E. Lee, has arrived there and will be present at the unveiling of the equestrian statue of the general. It is stated that the uniformed troops and veterans will be given positions in line in the order in which the states seceeded.

The Weather.

WASHINGTON, May 23.—For Indiana: Fair weather, slightly warmer, southerly winds.

ACQUITTED OF MURDER!

For Killing the Man Who Slandered His Wife--Woman Murdered at Chicago.

SAN FRANCISCO, May 23.—D. H. Arnold, who has been on trial here for the murder of S. W. Garness, whom he shot and killed in January last, was acquitted last night. Arnold is a prominent resident of Colusa county. The murder grew out of a slanderous circular directed at the members of the Arnold family and especially Mrs. Arnold.

The author of the circular was not known, but Arnold determined to find him. His suspicions finally fell upon Garness, one of his friends. Finally becoming convinced that Garness was the author of the circular, he accused him of it. The latter made a defiant reply and attempted to draw a revolver, when Arnold shot him four times, causing death within a few hours. On the trial it was fully proven that Garness was the author of the circular.

CHICAGO, May 23.—At 12:15 o'clock this morning Mrs. Wilhelmina Theisen, the wife of Jacob Theisen, a saloonkeeper at the southeast corner of Harrison and Jefferson streets, was found lying on the floor in a rear room of the saloon, with a bullet in her head. The woman was taken to the county hospital, and her husband locked up in Maxwell street station. Their little daughter, five years old, says her mother shot herself. Their little boy, about three years old, lisped that his father shot her. Both Theisen and his wife had been drinking. The doctor, who was called and dressed the wound, is of the opinion that the woman cannot recover.

ALEXANDRIA, Va., May 23.—Yesterday afternoon Jeff Hurt and Claude Vernon were shot and killed by John Balar and Jim Johnson, all white men. The killing was the result of trouble growing out of a charistor party some weeks ago.

SPRINGFIELD, Mo., May 23.—Sheriff May, of Stone county, Mo., brought to the Ozark jail yesterday for safe keeping Fletcher Kirby, a young man of Carroll county, Ark., who has confessed to the murder of an old school teacher named Rogers, whose body was found about a month ago. Kirby was arrested in Texas. He says he persuaded Rogers to go to a lonely spot on the pretext of showing him a store, Rogers wishing to buy such a place. Kirby shot Rogers and while he was yet alive began to rob him, but was seized with remorse and contemplated suicide. The dying school teacher begged him to live and seek divine forgiveness. Kirby asked the dying man to pray for him and the two men clasped hands and prayed. Kirby says that another man planned the murder and received half the booty from Kirby.

PARIS, May 23.—The concierge of the house in which Marie Gagnol was murdered has been arrested, together with his wife and father-in-law. The man's name is Briquet. Mme. Briquet has confessed stealing jewelry from Marie's room after the murder was committed, but all three deny any knowledge of how the girl was killed. The police believe that either Briquet or his wife is the guilty party.

STONED BY BOYS.

S. M. Broughton, a Street Car Driver, Seriously Injured.

S. M. Broughton, a driver for the Fort Wayne Street Railway company, is off duty on account of injuries received by being hit with stones thrown by malicious boys. Mr. Broughton drives a Hanna street car. Wednesday evening a gang of hoodlums in the vicinity of Gay street, threw stones at the horse, and when Broughton stopped the car to scatter the crowd, he was made the object of a wholesale attack. A boulder struck him in the breast, and he was badly bruised on other parts of his body. The driver, when he arrived down town, was assisted to his home and placed under the care of a physician.

The gangs of vicious boys who congregate in "Frenchtown" will be dispersed and, if necessary, arrests will be made.

THIRD PLACE.

Fort Wayne Drops Back a Notch and Is Tie With Muncie.

A very fine game of ball was that played between Fort Wayne and Anderson, at Anderson yesterday. The game resulted in a score of 2 to 1 in favor of Anderson.

By errors made by Ellery and Carson, of the Fort Waynes, the Anderson club got in two runs, thus winning the game. Rogers, pitcher for the Andersons, struck Gallagher, and it was feared for a time that our favorite pitcher's wrist was broken, but he will be all right again after a short rest. Gallagher was given a ten days' lay-off, and he arrived home to-day. Captain Scott has signed another phenomenon in Gallagher's place, named Meakin, who played with Anderson, and is said to be fine. The score was as follows:

Anderson	2	0	0	0	0	0	0	0	0	—2
Fort Wayne	0	0	1	0	0	0	0	0	0	—1

Umpire—Phillips.

Last evening, at the home of the bride, on South Wayne avenue, occurred the marriage of Miss Zada, the winning daughter of Mr. and Mrs. Enos H. White, to Mr. Sherman Archer, of Archer, Housh & Co. Rev. R. M. Barls, pastor of the Wayne Street M. E. church, officiated. After the ceremony a delightful reception took place, which did not close until an early hour in the morning. Mr. Archer being a private in the Zollinger battery, that military organization did the bridal party honor by firing a salute in the neighborhood of the wedding festivities. He commenced his professional career March 10, 1881, since which time he has traveled with various companies, including some of most prominent minstrel organizations in the country. GRAND LODGE K. OF P.

Steps Taken to Have This Important Meeting Held in This City.

Last night the past grand chancellors of the local lodges, Knights of Pythias, and delegates to the grand lodge which is to meet at Indianapolis June 6, held an important meeting at Phoenix hall. The object of the meeting was to map out a line of action toward securing to Fort Wayne the meeting of the grand lodge in 1891, as the location of the meeting is decided at the coming session.

The lodges represented at the meeting were Phoenix, Fort Wayne, Loyal and Goethe. The delegation will go to Indianapolis from here prepared to show why the grand lodge should be taken from Indianapolis, where it has always been held, and passed around. The Summit City will press its claims for the gathering, which, if it comes here, will bring to our city at least 500 uniformed men.

What It Costs

Must be carefully considered by the great majority of people, in buying even necessaries of life. Hood's Sarsaparilla commends itself with special force to the great middle classes, because it combines positive economy with great medicinal power. It is the only medicine of which can truly be said "100 Doses One Dollar," and a bottle taken according to directions will average to last a month.

ODD FELLOWS' OFFICERS.

Mr. H. L. Williamson and Mayor D. L. Harding Honored.

Six hundred delegates, a larger number than usual, crowded the Odd Fellows' hall, at Indianapolis, where the Grand Lodge met yesterday, almost to suffocation. The business on hand was varied. Oliver H. Dyer had an appeal before the lodge for some $600 in benefits. A committee reported in favor of an appropriation of $1,000 as a starter for a home for invalid Odd Fellows. Resolutions expressive of the esteem in which the late Richard Owen was held were passed. He became an Odd Fellow at New Harmony in 1853.

The Grand Lodge at the May meeting nominates officers to be elected at the November communication. The following nominations were made yesterday:

Livesly, New Castle; Robert J. Loveland, Peru; Wm. Whitson, Austin; J. F. Mann, Decatur; M. L. Paluss, Greenfield; James Byran, Fulton; Wm. Fowler, Laporte; R. H. Vancleave, Farmersburg; J. M. LaFollette, Portland.

Some of the nominations, it is seen, are equivalent to elections, since but one candidate is named in several instances. The lodge adjourned last night.

Eugen D'Albert to William Knabe & Co.

(Translation from the German.)

During my sojourn here I had frequent opportunities to make myself acquainted with the Knabe pianos, and from fullest conviction I declare them to be the best instruments of America. Should I return here for artistic purposes—which may be the case very soon—I shall most certainly use the pianos of this celebrated make. I give this testimonial with pleasure, voluntarily, and entirely unsolicited for the house of Knabe.

SHE WANTED HIS MONEY.

Jennie Mackey a Former Fort Wayne Woman Creates a Sensation at Marion, Ind.

Mrs. Jennie Mackey was once, not a very long time ago either, a resident of this city. She came here from Muncie and for a time was engaged in the millinery business. She was of a prepossessing appearance, well built, gay and dashing and had a host of admirers, many of whom had sad hearts when "handsome Jennie," with a scheme in view, left for Marion, Ind., where she was angling for a bigger fish and she caught one with her "beauty hook."

At Marion she met and fell deeply in love with Moses Bradford, a much respected citizen of the place, who reciprocated her affections. About six months ago the couple were married and settled down in quiet blissful married life at the groom's elegant mansion.

Bradford had plenty of money, lands, and bonds which his dashing wife tried to get possession of but failed, and because she could not confiscate the whole plantation, she declared her intention of leaving. Her relations finally persuaded her to abandon the scheme which she done and returned to her husband. She made the attempt the second time to scare the old gentleman into transferingover to her his property, but failed.

Sunday she declared her intention of separating on account of various private reasons. She was seen at Lafountaine Monday morning. Telegrams have been received here to keep a sharp lookout for her, and if necessary detectives will be placed on her track, as it is alleged that she had considerable lucre belonging to the Bradford estate. A divorce suit will follow.

These claims were all notable either by reason of the eminence of the insured or the amount of the policies; but, perhaps, what was really the most notable claim ever paid by the company was that on the life of Mr. John W. Laughlin, of New Richland, Minn., under the following circumstances:

On the 13th day of April, 1883, Mr. Laughlin made application for $2,000 insurance in the New York Life. He was examined by a local physician, pronounced a first-class risk, and his acceptance recommended. He paid the amount of the first quarterly premium to the agent then and there, taking a receipt therefor, the tenor of which was that, if the application were accepted the insurance should commence with the date of the application. The money was paid about five o'clock in the afternoon of April 13th, and in the evening of the same day Mr. Laughlin was killed by the cars! The same letter that brought his application to the Home Office brought notice of his death. Upon reading the letter, the present president of the company directed that the application be sent to the medical board, in regular course, without information of what had happened, saying, "The application was made in good faith, and if the medical board approves it on its merits we will issue the policy and pay the claim." The medical board approved the application and the claim was paid to the guardian of Mr. Laughlin's infant daughter, in whose favor the policy was to be written.

TAKE S.S.S. IN THE SPRING.

Nature should be assisted in the spring to throw off the heaviness of the sluggish winter circulation of the blood. Nothing does it so well, so prompt or so safely as Swift's Specific.

I have used S. S. S. for a number of years, and consider it the best tonic and blood remedy that I ever used. In fact I would not attempt to enter upon a spring or summer in this climate without it. H. W. COLEMAN, Of Coleman, Ferguson & Co., Dade City, Fla.

SWIFT SPECIFIC CO., Atlanta, Ga.

There's a corset that isn't a corset, a waist with straps for the shoulders and rows of buttons to button on skirts and stocking supporters and so forth—the Ball Waist—and that's about the whole of it. No; you can put it in the washtub—no metal in it or on it.

It is worth your seeing, if for nothing but how to sew on buttons to button easy and never come off, and how to make buttonholes wear forever.

Women differ in their ways of thinking and dressing as well as in other ways. This waist is for women whose minds are made up that they won't wear corsets.

There's much to be said on both sides; but did you ever hear of a woman who hadn't made up her mind in *some* way? and is there any possible use in trying to get her to change it? She will and she will; or she won't and she won't.

You can get the Ball Waist and wear it a week or two or three; and, if you don't want it, take it back to the store and get your money.

THE MUTUAL LIFE INSURANCE COMPANY,

OF NEW YORK, SECURES IT.

Nearly $600,000 Paid by Members of one Family for Insurance in the Mutual.—The Most Stupendous Transaction Known in the History of Insurance.—"It has Never Been Done Before; It Never Will Be Done Again."

—E. C. POTTER & CO.—

No. 799. New York, Dec. 24, 1889.

BANK OF NEW YORK.
National Bankers Association.

Pay to the order of L. C. HOPKINS, Genl Executive Agent

Five hundred and Seventy Eight Thousand, Three Hundred and Forty Five ——— **DOLLARS.**

$578,345 00/100 — 29 DEC 28 1889. — CERTIFIED. Payable through New York Clearing House, N. B. A. — E. C. POTTER & CO.

The above check was received by the Mutual Life Ins. Co. of New York, for Insurance effected upon the lives of five members of the illustrious Havemeyer family of the City of New York. The Policies selected were the 10 year guarantee contracts of the Mutual Life's with the annuity feature added. Each policy was for the sum of $100,000 and the insured chose to make but one payment, thus commuting the cost. The insurance covered by the above mentioned premium payment of $578,345.00 was upon the lives of Mr. Theo. A. Havemeyer, the well known Merchant of this City, and Four members of his family. Mr. Theo. Havemeyer, is the Austrian Counsel General and a Gentleman of wide influence and of great business sagacity. Mr. E. C. Potter, whose signature is appended to the check, is the son-in-law of Mr. Havemeyer, and is one of the most prominent of bankers and brokers operating upon the stock exchange. There are two significant points for consideration in connection with this Insurance.

First, that the Messrs Havemeyer seeking a profitable and safe investment of a vast fund, selected Life Insurance as offering more advantages and greater security than any other form of investment. Second That they had such faith in the management and stability of the Mutual Life Insurance company of New York, that they willingly entrusted to its care nearly $600,000 in cash without any security whatever, and only the PROMISE of the company to pay.

The particulars of the life insurance contracted for by the family of Mr. Theo. A. Havemeyer, with the MUTUAL LIFE INSURANCE COMPANY, by which that institution received a single premium payment of $578,345.00, will excite wonderment and surprise in the world of underwriting, and set the general public to thinking of the possibilities of life insurance as an investment.

The idea of a party with six hundred thousand dollars of spare cash on hand, putting it all into life insurance.

Why didn't they build houses or purchase stocks, or do a dozen other things with it? Life insurance for an investment! That's all very well, some people think, if you must do it. But here are five members of one family engaged in merchantile pursuits, fully alive to the value of every financial scheme of importance in this or any other country, who after examining every tempting investment, came to the conclusion that the safest, most profitable and altogether desirable one, is that offered by the MUTUAL LIFE.

Then think of the fact that all this money, far exceeding half a million dollars, is placed in the hands of the company without other security than its promise to pay. If that is'nt an evidence of confidence, what could be?

IT'S THE LARGEST, STRONGEST AND BEST LIFE INSURANCE COMPANY IN THE WORLD. Its assets are thirty millions greater than those of any other American Life Insurance company. Over eighty millions greater than those of any life office in Great Britain, and sixty millions greater than the entire funds of the bank of England, which is the largest banking institution in the world.

The Mutual Life Issues Every Desirable Form of Policy.

SPRING ADVICE.

[Scientific Magazine].

Be careful of your diet. You do not need heavy food such as you require during the Winter.

Spring may be beautiful, but it is treacherous. Do not let it deceive you into a cold, a fever, malaria or pneumonia.

Do not throw off your Winter flannels too early. It is better to suffer a little inconvenience than to take cold.

If you feel tired, feverish or over-heated, do not rush off and take "Spring medicines." Cool yourself down and in this way help your system and purify your blood.

If you feel hot and thirsty, do dot drink large quantities of water or other "long" drinks. It is much better to take a little pure whiskey and water which will quench the thirst, tone the system, and fortify against disease.

Remember that only pure whiskey should ever be taken into the system, and that the leading chemists and scientists of the present day unite in declaring that Duffy's Pure Malt is absolutely the purest and best.

Poor Economy!

To buy clothing that is half made no matter what the price. It is a useless and idle profligation of money to dupe yourself into an economy that fails to practically act as a saving, especially so when the best can be had from us at prices rarely higher than the poorer made clothing so extensively advertised oftentimes at prices that would indicate "PRISON LABOR."

The policy of our house is to deal only in such goods as are made by honest labor and the pay for the work is such as will encourage labor to be honest. On this basis working men, we ask your patronage for

THE PRESBYTERIANS!

Dr. Patton, of Princeton College, the Leader of the Anti-Revisionists, Addresses the Assembly.

SARATOGA, N. Y., May 23.—The important business before the Presbyterian assembly this morning was the consideration of providing a committee on revision. Two resolutions were before the house, one by Rev. Dr. McCracken, of New York, and the other by Elder Henry Day. Dr. Patton, of Princeton college, held the floor, declining to yield to Elder Day and Dr. Herrick Johnson, who asked the privilege to read resolutions.

Dr. Patton, who has been regarded as the leader of the anti-revisionists, said: "This is the most serious moment in the life of the assembly. It is too late to raise the question of the wisdom of the last assembly in submitting the overtures upon which we are about to act, but it is my opinion that it was a very unwise act. I will oppose from the very bottom of my heart the submission of Dr. McCracken's resolution to the assembly. Out of the 213 presbyteries of this assembly only eight ask for an absolutely new creed. I do not see the necessity for any alteration in the confession of faith. But 134 presbyteries have expressed themselves in favor of it and I bow to the opinion of a majority thus expressed. (Great applause.)

"Now, then, how shall we go at it? It seems to be the general opinion that the best way is to appoint a committee to consider the matter and report to the next assembly. I don't care how you appoint the committee, but Dr. McCracken's resolution reads as though he was living in the middle ages and was assisting in the appointment of a doge of Venice. We could do it in a much shorter way. We should appoint this committee, because it is a right thing to do. The church has a right to revise her creed and I will defend that right (sensation), but what is the committee going to do? What are they for?

"I hope we shall not give this committee a roving commission. I wish them to understand that no change shall be made that will in any way impair the integrity of the calvanist system. [Applause]. Our confession of faith has been traduced and I want this assembly to re-affirm the standards of belief in the very terms in which this commission is appointed. I don't want to be a party to the mischief of letting it go unrestricted. I want it instructed and in such terms that when it is appointed it will not be with a simple majority, but in a way that the church will feel that the whole assembly is in favor of it.

"Let us have peace. I'd go a little further than that. I want them instructed that they shall confine their labors to such construction of phraseology as may be necessary to remove popular misunderstanding. I will never confess that a total revision of faith is necessary. (Great applause.) I wish I had a voice that would reach around the world to re-affirm that there never was, and never can be a just foundation for the charge that we Presbyterians have ever believed in infant damnation, or that the doctrine is embodied in the Westminster standard. (Moderate applause.)

WENT ON A DRUNK

And Squandered $3,000 of the Firm's Money.

CHICAGO, May 23.—E. C. Walker, of the brokerage firm of Walker & Co., whose agent, E. S. Cattell, in St. Paul, is said to have disappeared with a large sum of the firm's money, telegraphed his house this morning that Cattell's shortage would not aggregate more than $3,000.

The telegram also stated that Cattell had probably not intentionally disappeared, but had gone off on a debauch with a few kindred spirits, a thing not new to the social broker. Mr. Walker will remain in St. Paul until all the firm's customers have been settled with on a basis agreed upon by Agent Cattell and before he leaves he will place a reliable man in charge of the St. Paul office.

WILL BE ELECTROCUTIONIZED!

Such Will be the Fate of Kemmler Says the Supreme Court.

WASHINGTON, May 23.—By a decision of the supreme court of the United States to day, the last hope for life afforded William Kemmler, the New York murderer under sentence of death by electricity, was banished and he will accordingly be executed in conformity with the new law governing executions in New York state. The decision was on an application for a writ of error made by Roger M. Sherman, of New York, counsel for Kemmler, argued last Tuesday. The court was unanimous in denying the application. Chief Justice Fuller read the decision in full. He reviewed the case and severally went over the points made by Kemmler's counsel and ended by saying that they could not on the record as presented reverse the decision of the New York court of appeals.

SALOONKEEPERS EXCLUDED

From the Odd Fellow Lodges in Missouri.

ST. LOUIS, May 23.—The grand lodge of Odd Fellows of Missouri, have gone on record for prohibition. At yesterday's meeting the grand master's report advocated the exclusion of saloonkeepers from the order. A hot debate ensued, after which a vote was taken on the question of excluding all saloonkeepers from the order and the side advocated by the grand master carried the day. A number of saloonkeepers, principally in St. Louis and Kansas City, belong to the order, and the enforcement of the test will doubtless be a disagreeable task.

With Paralysis and Death Comes to Her Before Morning.

A HOOSIER CYCLONE!

Hammond, Ind., Visited and Buildings Demolished--Terrific Storms in Illinois.

HAMMOND, Ind., May 23.—A cyclone swept through here last evening at 6:15, doing much damage. The east wing of the safe and lock works was demolished and the building of the steam brick yard unroofed.

OTTAWA, Ill., May 23.—A terrific wind storm, in appearance resembling a cyclone, and accompanied by sheets of lightning and rain, swept up the Illinois valley last evening, at about 7 o'clock. Great trees were twisted and blown down and considerable damage done to property in the city.

JOLIET, Ill., May 23.—A terrific thunder and rain storm visited this section last night. The rain fell in torrents, and reports from out-lying suburbs are that there was a cyclone on the west side and that a couple of residences were blown down with no serious injury to the inmates. The storm took a course directly toward the massive building of the Joliet penitentiary, but reports from there at a late hour say that no damage was done. The electrical storm in the city was severe.

COLUMBIA, S. C., May 23.—During a thunder storm that passed over Marboro county Wednesday, a stroke of lightning did unusual execution. As soon as it began raining a number of negroes, who were working in a field, took refuge under a shed at the foot of a hickory tree. The tree was struck and the lightning passing down through the shed, killed Smart Patterson and John Brown, knocked two other men senseless and stunned several others.

TAKES ISSUE WITH HIM.

A Russian Resident Says Lecturer George Kennan is a Sensationalist.

SPRINGFIELD, Ohio, May 23.—Mr. Wm. H. Dunston, a resident of Russia for thirty years and at present American vice consul general at St. Petersburg is in this city. He takes an opposite issue with George Kennan, whom he calls a sensationalist, given to exaggeration. Mr. Dunston says the Russian prisons are as humanely conducted as our own, the prisoners being well treated and well fed. The people of St. Petersburg love the czar. The idea which seems to prevail here that the czar never appears in public unless he is guarded by troops, is not a correct one. With the empress he can be seen nearly every day driving through the streets with only a soldier on the seat with the driver, and he does footman's duty.

Mr. Dunston says some of the exiled women, whose cases are cited by Mr. Kennan in his lecture as examples of Russian cruelty, are anarchists of the same stripe as Spies, Parsons, and the other Chicago plotters. The American colony in St. Petersburg, Mr. Dunston says, depricate the abuse of the Russians, and do not approve of Kennan's lectures, and he (Dunston) will do all in his power to counteract his influence in this country.

WON'T ALLOW IT.

The Government Prepared to Resist the Capture of Lower California.

WASHINGTON, May 23.—The government had information before the press did about the rumored plot to capture Lower California and last Saturday Secretary Blaine ordered the cruiser Charleston to proceed from San Francisco to the Lower Californian coast, and instructed the commander of the troops at San Diego to dispose his command so as to intercept all persons attempting to violate the neutrality law by demonstration against Mexico.

SAW FLIES

Devouring the Wheat Rapidly in Illinois.

BLOOMINGTON, Ill., May 23.—Very discouraging reports come from the wheat fields of Logan county. A collection of bunches of wheat pulled from fields in all parts of the county show that the saw flies are devouring it at a rapid rate. Seventeen larvae have been taken from a single stalk. Not a wheatfield has yet been found that is not attacked. It is probable that a large part of the affected fields will be plowed up and planted in corn.

DEATH OF A HARPER.

One of the Members of the Big Publishing Firm Passes Away.

Mr. Harper has been in ill health for a number of years.

ACQUITTED OF MURDER!

For Killing the Man Who Slandered His Wife--Woman Murdered at Chicago.

SAN FRANCISCO, May 23.—D. H. Arnold, who has been on trial here for the murder of S. W. Garness, whom he shot and killed in January last, was acquitted last night. Arnold is a prominent resident of Colusa county. The murder grew out of a slanderous circular directed at the members of the Arnold family and especially Mrs. Arnold.

The author of the circular was not known, but Arnold determined to find him. His suspicions finally fell upon Garness, one of his friends. Finally becoming convinced that Garness was the author of the circular, he accused him of it. The latter made a defiant reply and attempted to draw a revolver, when Arnold shot him four times, causing death within a few hours. On the trial it was fully proven that Garness was the author of the circular.

CHICAGO, May 23.—At 12:15 o'clock this morning Mrs. Wilhelmina Theisen, the wife of Jacob Theisen, a saloonkeeper at the southeast corner of Harrison and Jefferson streets, was found lying on the floor in a rear room of the saloon, with a bullet in her head. The woman was taken to the county hospital, and her husband locked up in Maxwell street station. Their little daughter, five years old, says her mother shot herself. Their little boy, about three years old, lisped that his father shot her. Both Theisen and his wife had been drinking. The doctor, who was called and dressed the wound, is of the opinion that the woman cannot recover.

ALEXANDRIA, Va., May 23.—Yesterday afternoon Jeff Hurt and Claude Vernon were shot and killed by John Balar and Jim Johnson, all white men. The killing was the result of trouble growing out of a charistor party some weeks ago.

SPRINGFIELD, Mo., May 23.—Sheriff May, of Stone county, Mo., brought to the Ozark jail yesterday for safe keeping Fletcher Kirby, a young man of Carroll county, Ark., who has confessed to the murder of an old school teacher named Rogers, whose body was found about a month ago. Kirby was arrested in Texas. He says he persuaded Rogers to go to a lonely spot on the pretext of showing him a store, Rogers wishing to buy such a place. Kirby shot Rogers and while he was yet alive began to rob him, but was seized with remorse and contemplated suicide. The dying school teacher begged him to live and seek divine forgiveness. Kirby asked the dying man to pray for him and the two men clasped hands and prayed. Kirby says that another man planned the murder and received half the booty from Kirby.

PARIS, May 23.—The concierge of the house in which Marie Gagnol was murdered has been arrested, together with his wife and father-in-law. The man's name is Briquet. Mme. Briquet has confessed stealing jewelry from Marie's room after the murder was committed, but all three deny any knowledge of how the girl was killed. The police believe that either Briquet or his wife is the guilty party.

S. M. Broughton, a Street Car Driver, Seriously Injured.

S. M. Broughton, a driver for the Fort Wayne Street Railway company, is off duty on account of injuries received by being hit with stones thrown by malicious boys. Mr. Broughton drives a Hanna street car. Wednesday evening a gang of hoodlums in the vicinity of Gay street, threw stones at the horse, and when Broughton stopped the car to scatter the crowd, he was made the object of a wholesale attack. A boulder struck him in the breast, and he was badly bruised on other parts of his body. The driver, when he arrived down town, was assisted to his home and placed under the care of a physician.

The gangs of vicious boys who congregate in "Frenchtown" will be dispersed and, if necessary, arrests will be made.

THIRD PLACE.

Fort Wayne Drops Back a Notch and Is Tie With Muncie.

A very fine game of ball was that played between Fort Wayne and Anderson, at Anderson yesterday. The game resulted in a score of 2 to 1 in favor of Anderson.

By errors made by Ellery and Carson, of the Fort Waynes, the Anderson club got in two runs, thus winning the game. Rogers, pitcher for the Andersons, struck Gallagher, and it was feared for a time that our favorite pitcher's wrist was broken, but he will be all right again after a short rest. Gallagher was given a ten days' lay-off, and he arrived home to-day. Captain Scott has signed another phenomenon in Gallagher's place, named Meakin, who played with Anderson, and is said to be fine. The score was as follows:

Anderson	....	2	0	0	0	0	0	0	0	—2
Fort Wayne	....	0	0	1	0	0	0	0	0	—1

Umpire—Phillips.

Rev. R. M. Barls, pastor of the Wayne Street M. E. church, officiated. After the ceremony a delightful reception took place, which did not close until an early hour in the morning. Mr. Archer being a private in the Zollinger battery, that military organization did the bridal party honor by firing a salute in the neighborhood of the wedding festivities. The party was gotten up by William Miller, an artisan of the electric works, and a number of others. Shortly before the hour of returning a disagreement was caused and a settlement with Mr. Myers for payment of the vehicles would not be made. Mr. Myers' 'busses came home empty, and now he threatens suit, unless a settlement is effected within two days.

TAKE S.S.S. IN THE SPRING.

Nature should be assisted in the spring to throw off the heaviness of the sluggish winter circulation of the blood. Nothing does it so well, so prompt or so safely as Swift's Specific.

I have used S. S. S. for a number of years, and consider it the best tonic and blood remedy that I ever used. In fact I would not attempt to enter upon a spring or summer in this climate without it. H. W. COLEMAN,

There's a corset that isn't a corset, a waist with straps for the shoulders and rows of buttons to button on skirts and stocking supporters and so forth—the Ball Waist—and that's about the whole of it. No; you can put it in the washtub—no metal in it or on it.

It is worth your seeing, if for nothing but how to sew on buttons to button easy and never come off, and how to make buttonholes wear forever

Women differ in their ways of thinking and dressing as well as in other ways. This waist is for women whose minds are made up that they won't wear corsets.

There's much to be said on both sides; but did you ever hear of a woman who hadn't made up her mind in *some* way? and is there any possible use in trying to get her to change it? She will and she will; or she won't and she won't.

You can get the Ball Waist and wear it a week or two or three; and, if you don't want it, take it back to the store and get your money.

A MARVELOUS PREMIUM.

THE MUTUAL LIFE INSURANCE COMPANY, OF NEW YORK, SECURES IT.

Nearly $600,000 Paid by Members of one Family for Insurance in the Mutual.—The Most Stupendous Transaction Known in the History of Insurance.—"It has Never Been Done Before; It Never Will Be Done Again."

—E. C. POTTER & CO.—

No. 799. New York, Dec. 24, 1889.

BANK OF NEW YORK.
National Bankers Association.

Pay to the order of L. C. HOPKINS, Genl Executive Agent

Five hundred and Seventy Eight Thousand, Three Hundred and Forty Five ..... DOLLARS.

$578,345 00/100 — 29 DEC 28 1889. — CERTIFIED. Payable through New York Clearing House, N. B. A. — E. C. POTTER & CO.

The above check was received by the Mutual Life Ins. Co. of New York, for Insurance effected upon the lives of five members of the illustrious Havemeyer family of the City of New York. The Policies selected were the 10 year guarantee contracts of the Mutual Life's with the annuity feature added. Each policy was for the sum of $100,000 and the insured chose to make but one payment, thus commuting the cost. The insurance covered by the above mentioned premium payment of $578,345.00 was upon the lives of Mr. Theo. A. Havemeyer, the well known Merchant of this City, and Four members of his family. Mr. Theo. Havemeyer, is the Austrian Counsel General and a Gentleman of wide influence and of great business sagacity. Mr. E. C. Potter, whose signature is appended to the check, is the son in-law of Mr. Havemeyer, and is one of the most prominent of bankers and brokers operating upon the stock exchange. There are two significant points for consideration in connection with this Insurance.

First, that the Messrs Havemeyer seeking a profitable and safe investment of a vast fund, selected Life Insurance as offering more advantages and greater security than any other form of investment. Second That they had such faith in the management and stability of the Mutual Life Insurance company of New York, that they willingly entrusted to its care nearly $6 0,000 in cash without any security whatever, and only the PROMISE of the company to pay.

The particulars of the life insurance contracted for by the family of Mr. Theo. A. Havemeyer, with the MUTUAL LIFE INSURANCE COMPANY, by which that institution received a single premium payment of $578,345.00, will excite wonderment and surprise in the world of underwriting, and set the general public to thinking of the possibilities of life insurance as an investment.

The idea of a party with six hundred thousand dollars of spare cash on hand, putting it all into life insurance.

Why didn't they build houses or purchase stocks, or do a dozen other things with it? Life insurance for an investment! That's all very well, some people think, if you must do it. But here are five members of one family engaged in merchantile pursuits, fully alive to the value of every financial scheme of importance in this or any other country, who after examining every tempting investment, came to the conclusion that the safest, most profitable and altogether desirable one, is that offered by the MUTUAL LIFE.

Then think of the fact that all this money, far exceeding half a million dollars, is placed in the hands of the company without other security than its promise to pay. If that is'nt an evidence of confidence, what could be?

IT'S THE LARGEST, STRONGEST AND BEST LIFE INSURANCE COMPANY IN THE WORLD. Its assets are thirty millions greater than those of any other American Life Insurance company. Over eighty millions greater than those of any life office in Great Britain, and sixty millions greater than the entire funds of the bank of England, which is the largest banking institution in the world.

The Mutual Life Issues Every Desirable Form of Policy.

SPRING ADVICE.

[Scientific Magazine].

Be careful of your diet. You do not need heavy food such as you require during the Winter.

Spring may be beautiful, but it is treacherous. Do not let it deceive you into a cold, a fever, malaria or pneumonia.

Do not throw off your Winter flannels too early. It is better to suffer a little inconvenience than to take cold.

If you feel tired, feverish or over-heated, do not rush off and take "Spring medicines." Cool yourself down and in this way help your system and purify your blood.

If you feel hot and thirsty, do dot drink large quantities of water or other "long" drinks. It is much better to take a little pure whiskey and water which will quench the thirst, tone the system, and fortify against disease.

Remember that only pure whiskey should ever be taken into the system, and that the leading chemists and scientists of the present day unite in declaring that Duffy's Pure Malt is absolutely the purest and best.

Poor Economy!

To buy clothing that is half made no matter what the price. It is a useless and idle profligation of money to dupe yourself into an economy that fails to practically act as a saving, especially so when the best can be had from us at prices rarely higher than the poorer made clothing so extensively advertised oftentimes at prices that would indicate "PRISON LABOR."

The policy of our house is to deal only in such goods as are made by honest labor and the pay for the work is such as will encourage labor to be honest. On this basis working men, we ask your patronage for

THE PRESBYTERIANS!

Dr. Patton, of Princeton College, the Leader of the Anti-Revisionists, Addresses the Assembly.

SARATOGA, N. Y., May 23.—The important business before the Presbyterian assembly this morning was the consideration of providing a committee on revision. Two resolutions were before the house, one by Rev. Dr. McCracken, of New York, and the other by Elder Henry Day. Dr. Patton, of Princeton college, held the floor, declining to yield to Elder Day and Dr. Herrick Johnson, who asked the privilege to read resolutions.

Dr. Patton, who has been regarded as the leader of the anti-revisionists, said: "This is the most serious moment in the life of the assembly. It is too late to raise the question of the wisdom of the last assembly in submitting the overtures upon which we are about to act, but it is my opinion that it was a very unwise act. I will oppose from the very bottom of my heart the submission of Dr. McCracken's resolution to the assembly. Out of the 213 presbyteries of this assembly only eight ask for an absolutely new creed. I do not see the necessity for any alteration in the confession of faith. But 131 presbyteries have expressed themselves in favor of it and I bow to the opinion of a majority thus expressed. (Great applause.)

"Now, then, how shall we go at it? It seems to be the general opinion that the best way is to appoint a committee to consider the matter and report to the next assembly. I don't care how you appoint the committee, but Dr. McCracken's resolution reads as though he was living in the middle ages and was assisting in the appointment of a doge of Venice. We could do it in a much shorter way. We should appoint this committee, because it is a right thing to do. The church has a right to revise her creed and I will defend that right (sensation), but what is the committee going to do? What are they for?

"I hope we shall not give this committee a roving commission. I wish them to understand that no change shall be made that will in any way impair the integrity of the calvanist system. [Applause]. Our confession of faith has been tradnced and I want this assembly to re-affirm the standards of belief in the very terms in which this commission is appointed. I don't want to be a party to the mischief of letting it go unrestricted. I want it instructed and in such terms that when it is appointed it will not be with a simple majority, but in a way that the church will feel that the whole assembly is in favor of it.

"Let us have peace. I'd go a little further than that. I want them instructed that they shall confine their labors to such construction of phraseology as may be necessary to remove popular misunderstanding. I will never confess that a total revision of faith is necessary. (Great applause.) I wish I had a voice that would reach around the world to re-affirm that there never was, and never can be a just foundation for the charge that we Presbyterians have ever believed in infant damnation, or that the doctrine is embodied in the Westminster standard. (Moderate applause.)

WENT ON A DRUNK

And Squandered $3,000 of the Firm's Money.

CHICAGO, May 23.—E. C. Walker, of the brokerage firm of Walker & Co., whose agent, E. S. Cattell, in St. Paul, is said to have disappeared with a large sum of the firm's money, telegraphed his house this morning that Cattell's shortage would not aggregate more than $3,000.

The telegram also stated that Cattell had probably not intentionally disappeared, but had gone off on a debauch with a few kindred spirits, a thing not new to the social broker. Mr. Walker will remain in St. Paul until all the firm's customers have been settled with on a basis agreed upon by Agent Cattell and before he leaves he will place a reliable man in charge of the St. Paul office.

MEMPHIS, Tenn., May 23.—Germantown, twenty miles east of this city, was visited by a disastrous fire between 3 and 4 o'clock yesterday morning. WILL BE ELECTROCUTIONIZED!

Such Will be the Fate of Kemmler Says the Supreme Court.

WASHINGTON, May 23.—By a decision of the supreme court of the United States to day, the last hope for life of forded William Kemmler, the New York murderer under sentence of death by electricity, was banished and he will accordingly be executed in conformity with the new law governing executions in New York state. The decision was on an application for a writ of error made by Roger M. Sherman, of New York, counsel for Kemmler, argued last Tuesday. The court was unanimous in denying the application. Chief Justice Fuller read the decision in full. He reviewed the case and severally went over the points made by Kemmler's counsel and ended by saying that they could not on the record as presented reverse the decision of the New York court of appeals.

SALOONKEEPERS EXCLUDED

From the Odd Fellow Lodges in Missouri.

ST. LOUIS, May 23.—The grand lodge of Odd Fellows of Missouri, have gone on record for prohibition. At yesterday's meeting the grand master's report advocated the exclusion of saloonkeepers from the order. A hot debate ensued, after which a vote was taken on the question of excluding all saloonkeepers from the order and the side advocated by the grand master carried the day. A number of saloonkeepers, principally in St. Louis and Kansas City, belong to the order, and the enforcement of the test will doubtless be a disagreeable task.

STRICKEN IN A THEATER

With Paralysis and Death Comes to Her Before Morning.

NEW YORK, May 23.—Mrs. Schulley, of Pittsburg, who was stricken with paralysis last night at Palmer's theater, died at 3 o'clock this morning in the Fifth avenue hotel. Her son came on this morning and will take the body with him this afternoon.

The body of the stranger who committed suicide the other day is still unidentified. The Fort Wayne College of Medicine has claimed the body and it will be "pickled" in brine to await the opening of that institution.

Prof. Philip Wasseman left for Toledo to-day, accompanied by his young son.

A HOOSIER CYCLONE!

Hammond, Ind., Visited and Buildings Demolished--Terrific Storms in Illinois.

HAMMOND, Ind., May 23.—A cyclone swept through here last evening at 6:15, doing much damage. The east wing of the safe and lock works was demolished and the building of the steam brick yard unroofed.

OTTAWA, Ill., May 23.—A terrific wind storm, in appearance resembling a cyclone, and accompanied by sheets of lightning and rain, swept up the Illinois valley last evening, at about 7 o'clock. Great trees were twisted and blown down and considerable damage done to property in the city.

JOLIET, Ill., May 23.—A terrific thunder and rain storm visited this section last night. The rain fell in torrents, and reports from out-lying suburbs are that there was a cyclone on the west side and that a couple of residences were blown down with no serious injury to the inmates. The storm took a course directly toward the massive building of the Joliet penitentiary, but reports from there at a late hour say that no damage was done. The electrical storm in the city was severe.

COLUMBIA, S. C., May 23.—During a thunder storm that passed over Marlboro county Wednesday, a stroke of lightning did unusual execution. As soon as it began raining a number of negroes, who were working in a field, took refuge under a shed at the foot of a hickory tree. The tree was struck and the lightning passing down through the shed, killed Smart Patterson and John Brown, knocked two other men senseless and stunned several others.

TAKES ISSUE WITH HIM.

A Russian Resident Says Lecturer George Kennan is a Sensationalist.

SPRINGFIELD, Ohio, May 23.—Mr. Wm. H. Dunston, a resident of Russia for thirty years and at present American vice consul general at St. Petersburg is in this city. He takes an opposite issue with George Kennan, whom he calls a sensationalist, given to exaggeration. Mr. Dunston says the Russian prisons are as humanely conducted as our own, the prisoners being well treated and well fed. The people of St. Petersburg love the czar. The idea which seems to prevail here that the czar never appears in public unless he is guarded by troops, is not a correct one. With the empress he can be seen nearly every day driving through the streets with only a soldier on the seat with the driver, and he does footman's duty.

Mr. Dunston says some of the exiled women, whose cases are cited by Mr. Kennan in his lecture as examples of Russian cruelty, are anarchists of the same stripe as Spies, Parsons, and the other Chicago platters. The American colony in St. Petersburg, Mr. Dunston says, depricate the abuse of the Russians, and do not approve of Kennan's lectures, and he (Dunston) will do all in his power to counteract his influence in this country.

WONT ALLOW IT.

The Government Prepared to Resist the Capture of Lower California.

WASHINGTON, May 23.—The government had information before the press did about the rumored plot to capture Lower California and last Saturday Secretary Blaine ordered the cruiser Charleston to proceed from San Francisco to the Lower California coast, and instructed the commander of the troops at San Diego to dispose his command so as to intercept all persons attempting to violate the neutrality law by demonstration against Mexico.

SAW FLIES

Devouring the Wheat Rapidly in Illinois.

BLOOMINGTON, Ill., May 23.—Very discouraging reports come from the wheat fields of Logan county. A collection of bunches of wheat pulled from fields in all parts of the county show that the saw flies are devouring it at a rapid rate. Seventeen larvhe have been taken from a single stalk. Not a wheat field has yet been found that is not attacked. It is probable that a large part of the affected fields will be plowed up and planted in corn.

DEATH OF A HARPER.

One of the Members of the Big Publishing Firm Passes Away.

NEW YORK, May 23.—Fletcher Harper, a member of the publishing firm of Harper & Bros., and a son of Fletcher Harper, the youngest of the original four brothers who established the publishing house, died at his residence in this city last night, aged sixty-two years. Mr. Harper has been in ill health for a number of years.

Lee's Memory.

RICHMOND, Va., May 23.—A telegram from New York announces that Miss Mary Lee, the eldest daughter of Gen. R. E. Lee, has arrived there and will be present at the unveiling of the equestrian statue of the general. It is stated that the uniformed troops and veterans will be given positions in line in the order in which the states seceded.

The Weather.

WASHINGTON, May 23.—For Indiana: Fair weather, slightly warmer, southerly winds.

ACQUITTED OF MURDER!

For Killing the Man Who Slandered His Wife--Woman Murdered at Chicago.

SAN FRANCISCO, May 23.—D. H. Arnold, who has been on trial here for the murder of S. W. Garness, whom he shot and killed in January last, was acquitted last night. Arnold is a prominent resident of Colusa county. The murder grew out of a slanderous circular directed at the members of the Arnold family and especially Mrs. Arnold.

The author of the circular was not known, but Arnold determined to find him. His suspicions finally fell upon Garness, one of his friends. Finally becoming convinced that Garness was the author of the circular, he accused him of it. The latter made a defiant reply and attempted to draw a revolver, when Arnold shot him four times, causing death within a few hours. On the trial it was fully proven that Garness was the author of the circular.

CHICAGO, May 23.—At 12:15 o'clock this morning Mrs. Wilhelmina Theisen, the wife of Jacob Theisen, a saloonkeeper at the southeast corner of Harrison and Jefferson streets, was found lying on the floor in a rear room of the saloon, with a bullet in her head. The woman was taken to the county hospital, and her husband locked up in Maxwell street station. Their little daughter, five years old, says her mother shot herself. Their little boy, about three years old, lisped that his father shot her. Both Theisen and his wife had been drinking. The doctor, who was called and dressed the wound, is of the opinion that the woman cannot recover.

ALEXANDRIA, Va., May 23.—Yesterday afternoon Jeff Hurt and Claude Vernon were shot and killed by John Balar and Jim Johnson, all white men. The killing was the result of trouble growing out of a charister party some weeks ago.

SPRINGFIELD, Mo., May 23.—Sheriff May, of Stone county, Mo., brought to the Ozark jail yesterday for safe keeping Fletcher Kirby, a young man of Carroll county, Ark., who has confessed to the murder of an old school teacher named Rogers, whose body was found about a month ago. Kirby was arrested in Texas. He says he persuaded Rogers to go to a lonely spot on the pretext of showing him a store, Rogers wishing to buy such a place. Kirby shot Rogers and while he was yet alive began to rob him, but was seized with remorse and contemplated suicide. The dying school teacher begged him to live and seek divine forgiveness. Kirby asked the dying man to pray for him and the two men clasped hands and prayed. Kirby says that another man planned the murder and received half the booty from Kirby.

PARIS, May 23.—The concierge of the house in which Mario Gagnol was murdered has been arrested, together with his wife and father-in-law. The man's name is Briquet. Mme. Briquet has confessed stealing jewelry from Mario's room after the murder was committed, but all three deny any knowledge of how the girl was killed. The police believe that either Briquet or his wife is the guilty party.

STONED BY BOYS.

S. M. Broughton, a Street Car Driver, Seriously Injured.

S. M. Broughton, a driver for the Fort Wayne Street Railway company, is off duty on account of injuries received by being hit with stones thrown by malicious boys. Mr. Broughton drives a Hanna street car. Wednesday evening a gang of hoodlums in the vicinity of Clay street, threw stones at the horse, and when Broughton stopped the car to scatter the crowd, he was made the object of a wholesale attack. A boulder struck him in the breast, and he was badly bruised on other parts of his body. The driver, when he arrived down town, was assisted to his home and placed under the care of a physician.

The gangs of vicious boys who congregate in "Frenchtown" will be dispersed and, if necessary, arrests will be made.

THIRD PLACE.

Fort Wayne Drops Back a Notch and is Tie With Muncie.

A very fine game of ball was that played between Fort Wayne and Anderson, at Anderson yesterday. The game resulted in a score of 2 to 1 in favor of Anderson.

By errors made by Ellery and Carson, of the Fort Waynes, the Anderson club got in two runs, thus winning the game. Rogers, pitcher for the Andersons, struck Gallagher, and it was feared for a time that our favorite pitcher's wrist was broken, but he will be all right again after a short rest. Gallagher was given a ten days' lay-off, and he arrived home to-day. Captain Scott has signed another phenomenon in Gallagher's place, named Meakin, who played with Anderson, and is said to be fine. The score was as follows:

Anderson	2	0	0	0	0	0	0	0	0	—2
Fort Wayne	0	0	1	0	0	0	0	0	0	—1

Umpire—Phillips.

CUPID'S CAPERS.

Marriage of Miss Zada White to Mr. Sherman Archer and Miss Nora Maloney to Mr. J. F. Mason.

Last evening, at the home of the bride, on South Wayne avenue, occurred the marriage of Miss Zada, the winning daughter of Mr. and Mrs. Enos B. White, to Mr. Sherman Archer, of Archer, Housh & Co. Rev. R. M. Barns, pastor of the Wayne Street M. E. church, officiated. After the ceremony a delightful reception took place, which did not close until an early hour in the morning. Mr. Archer being a private in the Zollinger battery, that military organization did the bridal party honor by firing a salute in the neighborhood of the wedding festivities. The young couple received many useful and beautiful presents. They have many friends who extend congratulation. They will reside in a new residence of their own on South Wayne avenue.

In the Catholic church at Arcola last Tuesday occurred the marriage of Miss Nora, daughter of Mr. and Mrs. John Maloney, of Churubusco, to Mr. J. F. Mason, the prosperous young merchant of Arcola. A reception was given at the home of the groom's mother.

CHARLEY WAYNE.

The Young Fort Wayne Actor on the Pacific Coast.

The San Francisco, Cal., Evening Post of the 10th inst., contains a complimentary notice of Charles Wayne (Sorg), the young actor of this city, and the portrait of the young man is also given a prominent place in the same column. Mr. Wayne has been engaged at the Tivoli at that place and he is spoken of as "a comedian who is springing into popularity at once." Mr. Wayne was born in Fort Wayne August 10, 1863. He commenced his professional career March 10, 1881, since which time he has traveled with various companies, including some of most prominent minstrel organizations in the country. His mother resides in this city at the present time. He still considers Fort Wayne his home, the dearest spot on earth.

MAD MYERS.

He Takes a Party to New Haven and Returns With Empty Busses and No Pay.

Mr. Henry Myers conveyed a party of about fifty people to New Haven last night, the means of conveyance being three large 'bus vehicles. The party was gotten up by William Miller, an artisan of the electric works, and a number of others. Shortly before the hour of returning a disagreement was caused and a settlement with Mr. Myers for payment of the vehicles would not be made. As a result of the trouble the members of the party purchased tickets and rode home over the Wabash road, Mr. Myers' busses came home empty, and now he threatens suit, unless a settlement is effected within two days.

GRAND LODGE K. OF P.

Steps Taken to Have This Important Meeting Held in This City.

Last night the past grand chancellors of the local lodges, Knights of Pythias, and delegates to the grand lodge which is to meet at Indianapolis June 6, held an important meeting at Phoenix hall. The object of the meeting was to map out a line of action toward securing to Fort Wayne the meeting of the grand lodge in 1891, as the location of the meeting is decided at the coming session.

The lodges represented at the meeting were Phoenix, Fort Wayne, Loyal and Goethe. The delegation will go to Indianapolis from here prepared to show why the grand lodge should be taken from Indianapolis, where it has always been held, and passed around. The Summit City will press its claims for the gathering, which, if it comes here, will bring to our city at least 500 uniformed men.

What It Costs

Must be carefully considered by the great majority of people, in buying even necessaries of life. Hood's Sarsaparilla commends itself with special force to the great middle classes, because it combines positive economy with great medicinal power. It is the only medicine of which can truly be said "100 Doses One Dollar," and a bottle taken according to directions will average to last a month.

ODD FELLOWS' OFFICERS.

Mr. H. L. Williamson and Major D. L. Harding Honored.

Six hundred delegates, a larger number than usual, crowded the Odd Fellows' hall, at Indianapolis, where the Grand Lodge met yesterday, almost to suffocation. The business on hand was varied. Oliver H. Dyer had an appeal before the lodge for some $600 in benefits. A committee reported in favor of an appropriation of $1,000 as a starter for a home for invalid Odd Fellows. Resolutions expressive of the esteem in which the late Richard Owen was held were passed. He became an Odd Fellow at New Harmony in 1853.

The Grand Lodge at the May meeting nominates officers to be elected at the November communication. The following nominations were made yesterday:

Livesly, New Castle; Robert J. Loveland, Peru; Wm. Whitson, Austin; J. F. Mann, Decatur; M. L. Pahuss, Greenfield; James Byrne, Fulton; Wm. Fowler, Laporte; R. H. Vancleave, Farmersburg; J. M. Representative to the S. G. L.—C. C. Brinkley, Richmond.

Trustees of Grand Lodge Hall—Wm. Wallace, J. A. Furgason, John W. McQuiddy, Indianapolis, and D. L. Harding, of Fort Wayne.

Some of the nominations, it is seen, are equivalent to elections, since but one candidate is named in several instances. The lodge adjourned last night.

(Translation from the German.)

During my sojourn here I had frequent opportunities to make myself acquainted with the Knabe pianos, and from fullest conviction I declare them to be the best instruments of America. Should I return here for artistic purposes—which may be the case very soon—I shall most certainly use the pianos of this celebrated make. I give this testimonial with pleasure, voluntarily, and entirely unsolicited for the house of Knabe.

SHE WANTED HIS MONEY.

Jennie Mackey a Former Fort Wayne Woman Creates a Sensation at Marion, Ind.

Mrs. Jennie Mackey was once, not a very long time ago either, a resident of this city. She came here from Muncie and for a time was engaged in the millinery business. She was of a prepossessing appearance, well built, gay and dashing and had a host of admirers, many of whom had sad hearts when "handsome Jennie," with a scheme in view, left for Marion, Ind., where she was angling for a bigger fish and she caught one with her "beauty hook."

At Marion she met and fell deeply in love with Moses Bradford, a much respected citizen of the place, who reciprocated her affections. About six months ago the couple were married and settled down in quiet blissful married life at the groom's elegant mansion.

Bradford had plenty of money, lands, and bonds which his dashing wife tried to get possession of but failed, and because she could not confiscate the whole plantation, she declared her intention of leaving. Her relations finally per suaded her to abandon the scheme which she done and returned to her husband. She made the attempt the second time to scare the old gentleman into transferring over to her his property, but failed.

Sunday she declared her intention of separating on account of various private reasons. She was seen at Lafountaine Monday morning. Telegrams have been received here to keep a sharp lookout for her, and if necessary detectives will be placed on her track, as it is alleged that she had considerable here belonging to the Bradford estate. A divorce suit will follow.

These claims were all notable either by reason of the eminence of the insured or the amount of the policies; but, perhaps, what was really the most notable claim ever paid by the company was that on the life of Mr. John W. Laughlin, of New Richland, Minn., under the following circumstances:

On the 13th day of April, 1883, Mr. Laughlin made application for $2,000 insurance in the New York Life. He was examined by a local physician, pronounced a first-class risk, and his acceptance recommended. He paid the amount of the first quarterly premium to the agent then and there, taking a receipt therefor, the tenor of which was that, if the application were accepted the insurance should commence with the date of the application. The money was paid about five o'clock in the afternoon of April 13th, and in the evening of the same day Mr. Laughlin was killed by the cars! The same letter that brought his application to the Home Office brought notice of his death. Upon reading the letter, the present president of the company directed that the application be sent to the medical board, in regular course, without information of what had happened, saying, "The application was made in good faith, and if the medical board approves it on its merits we will issue the policy and pay the claim." The medical board approved the application and the claim was paid to the guardian of Mr. Laughlin's infant daughter, in whose favor the policy was to be written.

TAKE S.S.S. IN THE SPRING.

Nature should be assisted in the spring to throw off the heaviness of the lymphatic winter circulation of the blood. Nothing does it so well, so prompt or so safely as Swift's Specific.

I have used S. S. S. for a number of years, and consider it the best tonic and blood remedy that I ever used. In fact I would not attempt to enter upon a spring or summer in this climate without it. H. W. COLEMAN,

SWIFT SPECIFIC CO., Atlanta, Ga.

There's a corset that isn't a corset, a waist with straps for the shoulders and rows of buttons to button on skirts and stocking supporters and so forth—the Ball Waist—and that's about the whole of it. No; you can put it in the washtub—no metal in it or on it.

It is worth your seeing, if for nothing but how to sew on buttons to button easy and never come off, and how to make buttonholes wear forever

Women differ in their ways of thinking and dressing as well as in other ways. This waist is for women whose minds are made up that they won't wear corsets.

There's much to be said on both sides; but did you ever hear of a woman who hadn't made up her mind in *some* way? and is there any possible use in trying to get her to change it? She will and she will; or she won't and she won't.

You can get the Ball Waist and wear it a week or two or three; and, if you don't want it, take it back to the store and get your money.

His name was plainly printed in the book and the person could have returned the property if he wished, but nothing was heard of either until this morning, when, cleaning around his desk in the shop, what should he see but the old pocketbook, lost over a year ago. He hurriedly opened it, supposing probably that the money was there also, but, no, the pocketbook was empty—the money had down.

A MARVELOUS PREMIUM.

THE MUTUAL LIFE INSURANCE COMPANY,

OF NEW YORK, SECURES IT.

Nearly $600,000 Paid by Members of one Family for Insurance in the Mutual. The Most Stupendous Transaction Known in the History of Insurance.—"It has Never Been Done Before; It Never Will Be Done Again."

No. 799. New York, Dec. 24, 1889.

BANK OF NEW YORK.
National Bankers Association.

Pay to the order of L. C. HOPKINS, Genl Executive Agent

Five hundred and Seventy Eight Thousand, Three Hundred and Forty Five ——— DOLLARS.

$578,345.00/100 — 29 DEC 89 1889. — CERTIFIED, Payable through New York Clearing House, N. Y. C. — E. C. POTTER & CO.

E. C. POTTER & CO.

—E. C. POTTER & CO.—

The above check was received by the Mutual Life Ins. Co. of New York, for insurance effected upon the lives of five members of the illustrious Havemeyer family of the City of New York. The Policies selected were the 19 year guarantee contracts of the Mutual Life's with the annuity feature added. Each policy was for the sum of $100,000 and the insured chose to make but one payment, thus commuting the cost. The insurance covered by the above mentioned premium payment of $578,345.00 was upon the lives of Mr. Theo. A. Havemeyer, the well known Merchant of this City, and Four members of his family. Mr. Theo. Havemeyer, is the Austrian Consul General and a Gentleman of wide influence and of great business sagacity. Mr. E. C. Potter, whose signature is appended to the check, is the son in-law of Mr. Havemeyer, and is one of the most prominent of bankers and brokers operating upon the stock exchange. There are two significant points for consideration in connection with this insurance,

First, that the Master Havemeyer seeking a profitable and safe investment of a vast fund, selected Life Insurance as offering more advantages and greater security than any other form of investment. Second That they had such faith in the management and stability of the Mutual Life Insurance company of New York, that they willingly entrusted to its care nearly $600,000 in cash without any security whatever, and only the PROMISE of the company to pay.

The particulars of the life insurance contracted for by the family of Mr. Theo. A. Havemeyer, with the MUTUAL LIFE INSURANCE COMPANY, by which that institution received a single premium payment of $578,345.00, will excite wonderment and surprise in the world of underwriting, and set the general public to thinking of the possibilities of life insurance as an investment.

The idea of a party with six hundred thousand dollars of spare cash on hand, putting it all into life insurance.

Why didn't they build houses or purchase stocks, or do a dozen other things with it? Life insurance for an investment! That's all very well, some people think, if you must do it. But here are five members of one family engaged in merchantile pursuits, fully alive to the value of every financial scheme of importance in this or any other country, who after examining every tempting investment, came to the conclusion that the safest, most profitable and altogether desirable one, is that offered by the MUTUAL LIFE.

Then think of the fact that all this money, far exceeding half a million dollars, is placed in the hands of the company without other security than its promise to pay. If that isn't an evidence of confidence, what could be?

IT'S THE LARGEST, STRONGEST AND BEST LIFE INSURANCE COMPANY IN THE WORLD. Its assets are thirty millions greater than those of any other American Life Insurance company. Over eighty millions greater than those of any life office in Great Britain, and sixty millions greater than the entire funds of the bank of England, which is the largest banking institution in the world.

The Mutual Life Issues Every Desirable Form of Policy.

SPRING ADVICE.

[Scientific Magazine].

Be careful of your diet. You do not need heavy food such as you require during the Winter.

Spring may be beautiful, but it is treacherous. Do not let it deceive you into a cold, a fever, malaria or pneumonia.

Do not throw off your Winter flannels too early. It is better to suffer a little inconvenience than to take cold.

If you feel tired, feverish or over-heated, do not rush off and take "spring medicines." Cool yourself down and in this way help your system and purify your blood.

If you feel hot and thirsty, do not drink large quantities of water or other "long" drinks. It is much better to take a little pure whiskey and water which will quench the thirst, tone the system, and fortify against disease.

Remember that only pure whiskey should ever be taken into the system, and that the leading chemists and scientists of the present day unite in declaring that Duffy's Pure Malt is absolutely the purest and best.

Poor Economy!

To buy clothing that is half made no matter what the price. It is a useless and idle prodigation of money to dupe yourself into an economy that fails to practically act as a saving, especially so when the best can be had from us at prices rarely higher than the poorer made clothing so extensively advertised oftentimes at prices that would indicate "PRISON LABOR."

The policy of our house is to deal only in such goods as are made by honest labor and the pay for the work is such as will encourage labor to be honest. On this basis working men, we ask your patronage for

FINE CLOTHING!

For gentlemen who are accustomed to having their clothes made to order. YOU are the people we are after and we'll try and convince you if possible, what folly it is to pay your tailor fully 50 per cent more for the same grade of goods, that HAVEN'T got THE STYLE to them nor will they fit you any better than our finer grades of clothing. There is as much difference in the STYLE, CUT and FINISH of our best clothes and those sold by other dealers here as there is between a suit made to order by BELL of New York and one made by our German friend at Roanoke. Step in and look at them—it won't cost you anything—and may save you dollars.
